

competition

explore
a
mission
alive

A competition for those over 18 who wish to experience the developing world from the experience of a missionary. It is very easy to participate! You just need to send us a four minute (max) video which shows you engaged in service through your parish or in your community. Your video doesn't need to be professional and by taking part you could be on your way to an amazing mission experience. Just log onto www.missionalive.net to find out more and to upload.

Upload from September 20th to January 31st 2011.
